Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This information is required to obtain benefits. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Title V of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act of 1988 (P.L. 106-65, 111 Stat. 1384) authorizes the FHA Multifamily Housing Mortgage and Housing Assistance Restructuring Program. HUD implemented a statutory permanent program directed at FHA-insured multifamily projects that have project-based Section 8 contracts with above-market rents. The information collection is used to determine criteria eligibility of FHA-insured multifamily properties for participation in the Mark to Market program and the terms on which participation should occur. The purpose of the program is to preserve low-income rental housing affordability while reducing the long-term costs of Federal rental assistance. While no assurances of confidentiality are pledged to respondents, HUD generally discloses this data only in response to a Freedom of Information request.

#### **GUIDANCE FOR DETERMINING UTILITY ALLOWANCES**

HUDs current UA guidance outlined in <u>HUD Notice 2015-04</u> instructs owner/agents to establish a baseline for each bedroom size **once every three years**. For two years after the baseline submission, utility allowances for each bedroom size and each utility type at the property will be adjusted by state-specific increase factor called a Utility Adjustment Factor (UAF). These factors will be publish annually by HUD.

#### **NOTE:** RHS/USDA properties must comply with the requirements outlined in HUD Notice 2015-04.

#### **Baseline Submission Requirements**

- 1. Request utility data from either the utility company or the tenant household for at least the number of units determined by the sample size methodology detailed below. A sample tenant release can be found <u>here</u>.
  - a. This must be done for each bedroom size at the property;
  - b. If the property consists of multiple identical buildings (or building that are substantially similar, then the sampling may be performed at the property level, encompassing all buildings on a site. If buildings are not identical, the sample must be done for each bedroom size/unit type;
  - c. Backup documentation must be submitted;
    - i. Copies of the tenant data received from utility providers, can be submitted in a summary format; or
    - ii. Copies of the printouts indicating a summary of monthly data if the tenant was able to obtain data online from their utility provider for the previous 12 months, or 10 months if the case may be; or
    - iii. If actual monthly utility bills from a tenant were received, the O/A may submit a spreadsheet summarizing the average of the monthly bills. The actual utility bills will not need to be submitted to the CA but will need to be retained in the tenant files for the term of tenancy plus 3 years and will be subject to the CA review;
    - iv. There may be cases where a combination of the above will need to be performed and your CCS will notify you of any additional requirements;
  - d. The data collected must be for the same time period;
  - e. The data used must not be more than eighteen (18) months from the contract anniversary date;
  - f. Samples submitted must be from the units receiving Section 8 assistance;
  - g. A unit should be excluded from the sample if it:
    - i. Is receiving an increased UA as a reasonable accommodation;
    - ii. Has been vacant for 2 or more months (units included in the sample should have at least 10 months of occupancy); or
    - iii. Is receiving a flat rate as part of a low-income rate assistance utility program.
- 2. Determine the average utility cost for each bedroom size without removing any units from the sample size beyond those excluded as indicated in (g.) above. Do <u>not</u> remove the highest and/or lowest utility cost household when determining the average. The monthly cost of consumption is the NET COST *after* the application of discounts. Do <u>not</u> include late fees in the monthly cost

of consumption. (The monthly usage amount included in the UA analysis should <u>not</u> be reduced by the California Climate Credit, as those credits are to be counted as income for recertification purposes).

- a. A sample format for utility allowance submissions, which includes built-in formulas to average utility costs for each unit size, can be found <u>here</u>.
- 3. Provide an explanation for any sample sizes that do not meet the required criteria established in <u>Notice 2015-04</u>. (samples that do not meet the required criteria do not need to be submitted)
- 4. Recommend the UA amount to the contract administrator for approval.
- 5. Follow the requirements in 24 CFR 245.405(a) and 245.410 to notify tenants of a utility allowance decrease.

Number of Units	Minimum Sample

21 – 61	20

#### Sample Size Requirements

#### **Factor-Based Analysis**

For the two years after a baseline utility analysis is completed, the UA amounts for each bedroom size and each utility type can be adjusted by the established Utility Allowance Factor (UAF) in lieu of a baseline utility allowance.

After completely the property's utility analysis under the factor-based utility analysis method, O/As should compare the adjusted utility analysis to their paid utilities over the previous twelve months. If

the results indicate a significant disparity between the two, the O/A should complete a baseline analysis to help ensure the allowance(s) provided are accurate.

When the factor-based method is used to determine UAs, the O/A should submit their recommendation for the UA amount to contract administrator for approval.

Refer to HUD Notice 2015-04 for more information about:

- Utility Allowance Changes Outside of the Contract Rent Adjustment Schedule
- Allowances for New Construction or Substantial Rehabilitation
- Administrative Procedures
- Requirements for Tenant Households
- Penalties for Tenant Noncompliance
- Voluntary Use of EPAs Energy Star Portfolio Manager
- Information Collection

This policy will be updated accordingly as HUD releases additional information. Please your <u>CAHI</u> <u>Contract Specialist</u> with any questions.

For questions about the methodology outlined in Notice 2015-04, please contact Kate Brennan at <u>Catherine.M.Brennan@hud.gov</u> in the office of Asset Management and Portfolio Oversight.
